ITE presence at the 77th EAGE Conference & Exhibition 2015

Students from the different departments of the Petroleum Engineering Institute took part at the conference presenting their research and giving an outstanding impression. Six presentations out of 96 for the Student Programme were given by TU Clausthal delegates (one additional in the professional session). The best student submission to the EAGE Annual Meeting 2015 was given to one TU Clausthal student. Mr. Foedisch (right up) obtained the distinction of Best Student Paper with the paper *“Visualization of Connate Water Replacement during flooding experiments using Glass-Silicon-Glass micromodels”*.
